

Instrument Matching Game

Musical instruments are grouped into 4 categories called families:

Stringed Instruments – played by vibrating the strings (ex: a violin)

Woodwinds – played by blowing into the instrument and splitting the airflow, usually (but not always) with a thin piece of wood called a reed(ex: a clarinet)

Brass – played by blowing into the instrument while vibrating your lips (ex: a trombone)

Percussion – played by striking the instrument (ex: cymbals)

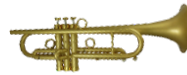

Put the musical instruments into their families:

- a. Stringed Instruments
- b. Woodwinds
- c. Brass
- d. Percussion
