FROM A HOMESCHOOLING MOM:

"I couldn't ask for a better neighborhood library—they are knowledgeable and so willing to help. As educational needs and styles have changed during the pandemic, they have been creative in finding new materials and different ways to help children and parents. They have a great selection of hands-on options to get kids engaged in learning, and books on every level. Without the resources here, our homeschooling experience would be lacking—their collection has thoroughly enriched our languages, countries, cultures, and STEM units! I couldn't do it without them.

—Jennifer M., a Whitneyville library book addict and incredibly grateful homeschool mom

SURPRISING OPTIONS!

Learn in 3-D! While we have tons of wonderful, up-to-date books available, kids love hands-on learning, so ask about our models, kits, and Launchpads, available to all Hamden residents.
